

WESTERN HEALTHCARE ALLIANCE

# BUSINESS COMMUNITY PROGRAM ACCESS MEMBERSHIP

---

Helping you fill the gaps.

WESTERN HEALTHCARE ALLIANCE

Western Healthcare Alliance (WHA) began in 1989 when a small group of rural Colorado hospitals decided that there was power in numbers. Today, WHA is governed by over 30 hospitals and healthcare providers.

WHA offers collaborative business solutions through a family of member-owned companies and Corporate Partner programs. We negotiate volume discounts with our Corporate Partners based on our potential collective buying power.

**Since its formation, WHA has saved members millions of dollars on goods and services.**

Are you looking for a way to save money on things you already purchase?

## WHA might be able to help!

Beginning in 2024, WHA is adding a new membership level to our structure. For only **\$500 per year**, this new level offers you discounts to a subset of services outside the healthcare realm.

Sign up online at [wha1.org/business-community-application](https://wha1.org/business-community-application). Once you are set up and your invoice has been paid, we'll connect you to the appropriate contacts for the services you are interested in.

**You can access these great discounts for only \$500 a year.**

# Pharmacy Benefit Management

Take control of your prescription costs and save money with the CCA Pharmacy Benefit Management program!

Navigating the Pharmacy Benefit Plan for your organization can be confusing and the large organizations in charge of these plans do it on purpose. We have a solution for you!

As an employer in your community, you face the daunting task of recruiting and retaining employees and employee benefits are a big portion of this task. They are a costly but important component of your organization. What if you could save money for not only your organization, but also your employees? **The CCA can help with our new PBM program!**

## HOW DO YOU QUALIFY TO PARTICIPATE?

If you are **SELF-FUNDED** and don't use UMR as your Third Party Administrator, you are eligible!

## WHAT'S IN IT FOR YOU & YOUR EMPLOYEES?

**NO COST** to participate and it's a direct pass through from what you already own. Your employees have access to reduced price prescriptions.

- ▶ **Complete Control and Flexibility with Formulary Development and Management**  
You control who fills your scripts and your physicians develop prescribing patterns appropriate for your area.
- ▶ **Ability to Customize Your Formulary to Meet Employee Needs**  
This includes options for specialty and other high-cost drugs.
- ▶ **Access to 340B Pricing for Members when Appropriate**
- ▶ **Complete Transparency with Your Prescription Plan and Where the Money is Going**
- ▶ **Easy to Implement and Manage as the Program Aligns with Your Insurance Plan Renewal**  
The CCA works with FairScript to manage the program and report back to you.
- ▶ **Added Employee Benefits per Individual Organization's Discretion**  
Example: waived deductible, co-pays, and travel reimbursements, etc. for employees who utilize participating pharmacies.

To date, the CCA PBM has achieved almost a 50% savings for its members compared to previous PBM relationships. Additionally, the CCA PBM consistently provides a significantly higher rebate per script, while member (employee) costs per script are down.

Still not sure if the CCA PBM is right for you? Reach out today to learn more!

"I encourage WHA members to thoroughly consider the CCA PBM opportunity. We joined as part of the initial program and the results have far surpassed our expectations. The savings have allowed us to invest more in our employee benefits. The transparency of the program is simply refreshing. Highly recommended!"

It's challenging to find quality, cost-effective training for your leaders, and often times staff may have to travel far for expensive classes while managing busy schedules.

WHA has been bringing leadership education to its members since 2007 and focuses on different areas geared toward **improving performance** and **motivating staff** to be the best they can be.

**Perfect for newly appointed or existing managers, Leadership Academy courses focus on management, communication, and business skills.**

**A sampling of classes include:**

▶ **Managing Conflict: Skillful Conversations to Build Trust**

Do you struggle to manage your frustration or avoid difficult conversations entirely? Do you know how to effectively reach a resolution when approaching a conflict? This course focuses on common challenges people have with communication like being assertive, speaking with clarity, managing emotions, reflective listening, and more.

▶ **Mind Matters: Managing Perceptions for Better Interactions**

Your subconscious holds the beliefs or programs that ultimately create the reality that you live every day. Do you look outside of yourself to explain what's wrong with your life? Would you like to increase your confidence, improve your communication, handle conflict, dispel anxious feelings, create rapport with others, understand and use body language, and overall, be more effective in your life? Learn how to view yourself from the outside in and use your perceptions to be a conscious leader.

▶ **Reality-Based Leadership Philosophy: Ditching the Drama & Turning Excuses into Results**

This program is founded through research which proved that a tremendous hit to any organization's bottom line is waste – more specifically, the emotional waste of drama. Emotional waste shows itself as resistance to change, entitlement mentalities, complaints about workload, over-dependence upon management, lack of nimbleness and adaptation, and using circumstances or the environment as excuses for missed goals. As with any waste, the best way to reduce that waste is through implementing great processes and engaging great people. This course provides leaders with the competencies necessary to change the mindsets of their teams, teach great mental processes that eliminate emotional waste of drama while ensuring top engagement and accountability.

## Corporate Partners

**WHA strives to partner with like-minded organizations who align with our member values.**

Our Corporate Partners are carefully vetted by staff and members to ensure they offer top-notch customer service, considerable discounts, and more.

**WHA negotiates discounts based on the potential volume of our membership.**

Once WHA contracts with a Corporate Partner, WHA manages the overarching agreement to ensure the Corporate Partner delivers agreed upon discounts and service to members. WHA receives quarterly reports from the Corporate Partners and tracks the savings of each program for members.

## Managed Detection & Response

Arctic Wolf Managed Detection and Response (MDR) provides 24x7 monitoring of your networks, endpoints, and cloud environments **to help you detect, respond, and recover from modern cyber attacks.**

### ▶ Detect

Develop greater insight into your security posture with broad visibility, 24x7 monitoring, & advanced threat detection.

### ▶ Respond

Ensure threats are contained before they can do damage with managed investigation and guided response.

### ▶ Recover

Learn from incidents & make sure they don't happen again by implementing custom rules & workflows to harden your security posture against future attacks.

## Managed Risk

Arctic Wolf Managed Risk enables you to **discover, assess, and harden your environment against digital risks** by contextualizing your attack surface coverage across your networks, endpoints, and cloud environments.

Managed prioritization and personalized protection is delivered by **your concierge security team**. The Concierge Security Team is a force multiplier to your existing security team. If you don't have a security team, you gain instant access to security professionals that are otherwise difficult, if not impossible to find. Your named **Concierge Security engineer works with you to prioritize vulnerabilities** discovered from networks, endpoints, and cloud environments.

## Managed Security Awareness

Arctic Wolf Managed Security Awareness **prepares your employees to recognize and neutralize social engineering attacks and human error**—helping to end cyber risk at your organization.

### ▶ Engage

Train and prepare employees to stop social engineering attacks, like phishing.

### ▶ Measure

Identify employees that fall behind and determine which threat topics require reinforcement.

### ▶ Transform

Achieve a culture of security and strengthen cyber resilience.

### Saving You Time & Money

WHA partners with Health Resource Services (HRS) and MHA Ventures to bring members a Premier sponsored group purchasing program (GPO). Traditionally known as a healthcare GPO, HRS and MHA Ventures ventured outside healthcare to partner with the school districts in Montana to lower the cost of food service. **WHA is excited to offer the business community access to our GPO.**

Through the collective purchasing power of their valued members, HRS can **secure discounts on supplies and resources members use every day** like food service, office supplies, cellular services, IT services, and more.

**Office Supplies & Purchased Services**

**Food & Nutrition**

Not available for entities where foodservice is the sole business.

**Environmental & Facilities Services**

**This members-only access to an extensive portfolio of carefully negotiated contracts can help you save more while making the most of every dollar you spend.**

In partnership with key organizations such as Premier, they help members find even more savings. HRS works to pinpoint waste and inefficiencies in supply chain because they know it's not always about saving through discount pricing. **By improving and streamlining processes and inventory members often realize hidden opportunities to boost performance and their bottom lines.**

# Debt Collections

A-1 COLLECTION AGENCY

## Unpaid bills can be a big headache and negatively impact your bottom line.

Is your company understaffed, with limited time to manage your account receivables? Collecting payments can be a daunting task. You need A-1 Collection Agency (A-1) to help you turn past-due accounts into revenue using a people-friendly approach.

**You do not have to be a WHA member to take advantage of A-1 debt collection services.**

## Throughout the collection process, A-1 focuses on putting people first, both you and your consumers.

A-1 treats everyone with the utmost respect and compassion to ensure your reputation is constantly maintained. By being transparent to both you and your consumers, A-1 can significantly decrease the time it takes to collect an account.

A-1's knowledgeable collectors are extensively trained, certified in FDCPA and Professional Telephone Techniques, and comply with Fair Credit Reporting Guidelines. They have superior knowledge of state and federal collection laws and regulations. Current best practices are top of mind for A-1 and are constantly maintained to help you improve your financial performance. For non-compliant accounts, A-1's in-house legal team works on your behalf to quickly bring legal action to qualifying accounts that are defined by your mission, vision, and financial policies.

**A-1 Collection Agency is a subsidiary of Healthcare Management, an organization that is owned and governed by 20 rural hospitals and healthcare organizations in Colorado and Utah and provides services to over 250 customers.**
