

# Healthcare Staffing Pool

Vendor & Talent  
Management Made Simple

# A faster, simpler approach to sourcing talent. WHA partners with Medefis to help members quickly fill open positions.

The Medefis Vendor Management System (VMS) gives you visibility into real-time market pricing trends so you can adjust as the market does. Their marketplace gives you increased purchasing power for hundreds of staffing agencies and millions of clinical and non-clinical healthcare professionals. The bottom line: you get access to the most qualified candidates when and where you need them.

With the Medefis VMS, your candidate search and hiring process is expedited without sacrificing the quality of candidates. Their proprietary TalentMatch system ranks your candidate submissions from best matched to least matched based on key areas of your job requirements.

## Benefits of Medefis VMS

- Access to the nation's largest staffing network
- Market-driven pricing
- High-quality candidate scoring
- On-demand access from anywhere

## How it Works

### Step 1: Engage and Manage Suppliers

Request Contingent Worker and Secure Approval

Distribute Order to Pre-vetted Vendors

Pre-screen Candidates and Rank for Manager

### Step 2: Ensure Quality and Compliance

Coordinate Interviews and Facilitate Offers

Oversee Credentialing and Verify Compliance

Onboard Worker and Track Assignment

# A Platform Built for Productivity

## Functionality at Your Fingertips

- Post openings in minutes
- Quick access to all relevant data on your contingent labor pool, including travelers on assignment, and items requiring action in real-time
- Automated status tracking for open, filled, and expiring jobs

## Centralized Solution

- Standardized master staffing agreement
- Ability to store candidate compliance records

## The Right Talent at the Right Price

- Our proprietary TalentMatch scoring system ranks candidates based on your criteria for each specific job
- Market-driven pricing through our BidMatch technology to encourage competitive vendor awareness on candidate submissions by notifying competing vendors when they've been outbid

## Medefis Additional Solutions

Streamline and simplify your staffing requirements with additional solutions from Medefis, designed to supplement our core VMS. Add only the services you need, as you need them, to better manage your facility's costs.

### Medefis Consolidated Billing

Simplify your staffing process without compromising your control. Improve accuracy, reduce costs, and speed the billing and payable process to as little as 23 days.

### Medefis Candidate Credentialing

Ensure your contingent staff are up to date on credentials.

### Medefis Consolidated Contracting & Documentation

Create a master contract for staffing agencies knowing it will be executed with no edits, red lines, or exceptions.
